

# Satellite Communications

## ECE 4644 / 5610 Spring 2026

Week #16

May 4 - 6, 2026

Instructor: J. Michael Ruohoniemi

# Topics

- Notes on Final Exam
- Additional Notes
- Course Project presentations
- Tutorial with HW review and exam prep to follow this lecture - Monday

# Notes on Final Exam (1/3)

- In-class students: May 11 (Monday)  
7:45 - 9:45 AM
- Online students: Need to settle on proctoring arrangement by May 6 (Wednesday)

# Notes on Final Exam (2/3)

- Format will be much the same as for the mid-term:
  - multiple choice section
  - short problems section
  - longer design-type problems
- Bonus points are available

# Notes on Final Exam (3/3)

- \*One Important change\* - bring your own cheat sheet to the exam, 8 ½ x 11", may be written on both sides
- Suggest that you start with the equation sheet from the mid-term

# Additional Notes

- The final HW#10-Demo consists of four problems – check that you have downloaded the latest version
- Watch for an email over the next few days with a check of your grades for HW and the mid-term – let me know if you see any inconsistencies
- Please find a few minutes to do the SPOT survey – much appreciated!! Deadline is 11:59 PM Thursday
